YOUR ROLE AS A MEMBER OF FAST

Welcome to the Fairland Aquatics Swim Team. We realize you have many options for year round competitive swimming, and are thrilled you've chosen FAST over everyone else. From day one it's important that everyone understand that our program is geared towards competing. You'll get the most out of our program when you compete regularly and follow the guidance provided by our experienced and knowledgeable coaching staff. Each season we build upon the previous year, and lay the foundations for long term development, and a productive career. To that end, each family has a role in helping meet this objective.

We look forward to working with you and your swimmer this season.
FAST Coaching staff.

VOLUNTEERING

Be prepared to volunteer your time and energy to help with FAST activities. In addition, when FAST enters swim meets we will submit a list of timers to the Meet Manager in advance of the meet to ensure we are in compliance with Potomac Valley Swimming guidelines.

There are many certified positions that make up the meet officiating crew. All parents are encouraged to seek certification. Contact Manga for more information regarding the officiating process.

Our long term goal is to have a 10% officials to swimmers ratio. On average that would mean about 7-10 certified officials.

FAST MEETS

Our club hosts meets annually and needs participation from every family. For the 2025 / 2026 season we will be hosting four meets.

November 22-23, 2025
December 20, 2025
February 8, 2026

Parents are expected to volunteer their time to ensure we have all jobs covered. There is something that everyone can do to help.

FINANCIAL

FAST generates its revenue from Program Dues and hosting swim meets. Each family has an obligation to make sure they are current with program dues and meet fees, and to volunteer with hosting meets. Being a small team, we don't have a 'war chest' of money so please meet established deadlines.

Families with outstanding program fees are not eligible for discounts the following season and might be required to pay the full seasons' dues prior to the first practice.

For 2022 / 2023 there was a small dues increase. These rates will remain in effect through the 2023 / 2024 season.

I have read the above and agree to meet all team standards and expectations. I have also read the Minor Athlete Abuse Prevention Policy (MAAPP 2.0), which can be found on our web page in the Policies section.
